

# DIY Modena aluminium gate and side infill panel

## style, quality and durability

Balustrading WA offers a cost effective solution to enclose most areas and help secure your property. The stylish Modena gate and side infill gives you the ability to customise a gate without the customised price.

The DIY Modena gate and infill panel is pre-assembled and can easily be modified to suit any opening. The gate can be hinged on the left or right and comes in three standard colours.

### Why choose a Balustrading WA Modena gate and infill system?

- \* Factory direct prices
- \* Easy to install with all instructions supplied
- \* Low Maintenance powder coated aluminium
- \* All components and fixings are included
- \* Gate and infill panel can easily be modified

## How to prepare for your DIY Modena Gate and infill

1

Create a site plan/mud map.

2

Work out your gate position.

3

Measure the opening.

4

Calculate which size gate and infill panel you require to fit your opening using the specification table.

### Example

For the opening measurement 2000mm, you will need the following items  
- GATE980 and INFILL1200. The infill will then need to be modified.  
Modifications instructions available.

## Specification table
